EDITOR'S BOTTOMLINE

THE WORLD IS WHAT YOU MAKE OF IT:

It is said that an entrepreneur sees opportunity where others see only risk, an artist finds beauty in the mundane and an activist believes in the possibility of change against all odds. History is filled with individuals who changed their destinies by refusing to accept a limiting version of the world.

When the famous British Scientist Stephen Hawking, at the age of 21, was diagnosed with ALS disease the doctors told him he had 2 years to live. With time the disease progressed to render his body to lose control; he would stop walking, stop speaking and stop breathing without machines. In his own words, "For a while, everything went dark."

But when he recovered from the initial shock, he realised, "If my body was fading, my mind would rise louder than ever. As my muscles weakened, my curiosity grew stronger. I studied endlessly, spoke through a computer and kept going — even when moving a single finger was an act of courage. My thoughts travelled further than my legs ever could." It's now history that he wrote books, filled auditoriums, brought science into millions of homes — from a wheelchair. He lived till the age of 76 years.

Muniba Mazari, a Pakistani activist, at the age of 18 met with a car accident which left her paraplegic. Ever since she is wheelchair bound, yet her spirit and artistry knew no bounds. She took the agony of her spinal cord injury as a challenge and started expressing her sentiments through her paintings. As she would not be able to give birth to a child due to her injury she adopted her son Niele, four years after the crash. Besides being an artist, activist, anchor, model and singer, she is also a motivational speaker.

Through her work and life story, Mazari aspires to inspire those who lose hope. Her message to the world always is that 'You are the hero of your own life story and heroes Never Give Up!'

Helen Keller, despite being blind and deaf, shaped a life of purpose and advocacy. Nelson Mandela endured decades of imprisonment yet emerged with a message of forgiveness and unity. Their stories remind us that adversity does not define the world; we do. Whether one sees the world as a mess or a masterpiece depends, in large part, on how one chooses to engage with it.

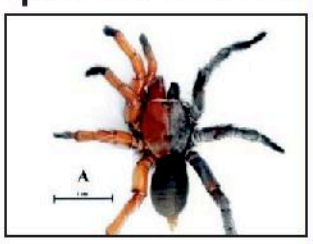
Half-female, half-male spider in Thailand



Bangkok: Scientists recently found a new species of spider in Thailand with fascinating traits. The spider is half-male and half-female. Researchers were left stunned to find the rare spider's body is perfectly divided into two parts, one bright orange and the other half is in a grey tone, and both sides display different characteristics. The spider has been identified as Damarchus inazuma. Local naturalists found the spider in a forest area near Nong Rong, Thailand, while digging for predators.

The spider's body is divided symmetrically, with the left side displaying female traits, while the right side exhibiting male characteristics. The female traits include larger fangs and orange colouration, and male traits consist of smaller size and greyish-white colour.

Most incredible silicone statues

Shanghai: A company has created hyper-realistic silicone statues and busts based on popular movie, cartoon and video characters.

Using only the highest-quality silicone, like platinum silicone and medical-grade silicone, company's artisans can replicate even the tiniest facial details on their works of art, down to droplets of sweat and even skin pores.

Hair strands are inserted manually, which takes hours of work, but the end result is nothing short of awe-inspiring.

The company has established itself as the go-to source for the most realistic-looking statues and busts of pop-culture characters, securing licenses for popular franchises like Dragon Ball, Batman, Wonder Woman, Predator, as well as Chinese culture classics like Romance of the Three Kingdoms.

Although some of its most impressive works sell for thousands of dollars, you really get what you pay for!.

Traffic rules violations: A matter of deep concern

Sir,

It is common knowledge that one of the major problems confronting Mysuru city is the rampant violation of traffic rules. As an ordinary citizen, I feel deeply embarrassed by the magnitude of these violations.

I am certain that the top brass of the Police Department would share the same embarrassment if they truly observed the scale of these infractions.

By my own rough estimate, there are at least 10,000 violations of the 'one-way' rule alone every single day. Having Traffic Constables posted at key junctions has not made much of a difference, as these violations occur right under their nose.

More often than not, Constables are seen speaking on their mobile phones or scrolling through them instead of monitoring traffic.

A simple and effective way to curb these violations would be to install CCTV cameras on all designated 'one-way' roads.

At times, I am astonished by the sheer audacity and dare-devilry displayed by these violators — a misplaced courage that could well rival the valour of our soldiers defending the nation's borders!

If all the violations occurring on the main roads, lanes and by-lanes of Mysuru round-the-clock were to be captured, the daily collection of traffic fines could easily run into crores.

One can only imagine the enormous potential this holds for revenue generation. If implemented across the State, this could even become one of the major sources of income for the Government — perhaps enabling it to announce a few more guarantees.

7th Southern Range-level Police Duty Meet-2025

City Police emerge Overall Champions

Police must work with precision to improve conviction rates: DIGP Dr. Boralingaiah

City Police Chief Seema Latkar and DCP K.S. Sundar Raj seen with medal-winning Cops.

Mysuru, Nov. 12 (PM&BCT)- In a bid to improve conviction rates in criminal cases, the Police Department must function with greater efficiency, precision and accountability, said Dr. M.B. Boralingaiah, Deputy Inspector General of Police (DIGP), Southern Range.

Dr. Boralingaiah

He was speaking at the valedictory ceremony of the 7th Southern Range-level Police Duty Meet-2025, held on Nov. 10 and 11 at the new auditorium of Karnataka Police Academy (KPA), Mysuru.

A total of 153 officers and personnel, along with 14 Police dogs, took part in the meet, representing districts under the Southern Range — Mysuru, Mandya, Hassan, Kodagu and Chamarajanagar — besides units from Mysuru City, KPA, KSRP and the Police Training School, Mysuru.

Competitions were held in diverse categories related to Police investigation, including scientific aid to investigation, photography and videography, computer awareness, access control competition and the dog squad competition.

Dr. Boralingaiah emphasised that a stronger conviction rate is essential for the justice delivery system to reach logical conclusions in criminal cases. "However, the desired outcomes are still not being achieved," he noted.

"Though we organise this Duty Meet every year and witness outstanding performances — many even representing State and National-level — the real-world impact on case resolution remains minimal," he said.

Awards were presented to officers and personnel who excelled in the competitions.

City Police Commissioner Seema Latkar congratulated all medal-winning personnel, dog squad members and trainers for their exceptional performance.

The valedictory event was attended by Mysuru SP N. Vishnuvardhana, KPA Director S.L. Chennabasavanna, RFSL Mysuru Deputy Director Chandrashekhar, Duty Meet Nodal Officer and Dy.SP Satyanarayan Singh, PSI Sunil Mirle and several other officers.

Lack of facilities at Sports Hostel

Upa Lokayukta Justice K.N. Phaneendra files *suo motu* case; orders sacking of Girls Hostel Warden

Mysuru, Nov. 12 (MK&BS)- Expressing dissatisfaction over the discrepancies that came to his notice during his inspection visit to Sports Hostel for Girls in Chamundi Vihar Stadium, Nazarbad on Monday, Upa Lokayukta Justice K.N. Phaneendra has filed a *suo motu* case against the Hostel authorities concerned.

Justice Phaneendra also instructed to sack Hostel Warden hired on a contract basis and recruit permanent Warden and submit action taken report.

The unkempt hostel premises, sub-standard food, lack of cleanliness at hostel surroundings, bathroom, toilet and the waste accumulated at the water sump were among several disorderliness, found during the inspection visit of Upa Lokayukta.

Flagging concerns over the style of functioning of the hostel, which Upa Lokyukta termed as rare, what irked the anti-corruption ombudsman further was, the sour taste of food including breakfast and meals provided to the students, differentiation between seniors and juniors, providing rotten eggs, forcing hostel inmates to clean the premises, mismanagement of library, four defunct computers, non-functioning generator since past four years and the decrepit condition of the volleyball court.

"The Officers concerned and the Hostel Warden, are discharging duties for namesake, which is evident with the large scale irregularities found at the hostel. The authorities should work towards reaching the Government facilities to the inmates in a full-fledged manner," instructed Justice Phaneendra.

Lokayukta SP T.J. Udesh, Deputy Director of Youth Empowerment and Sports Department Bhaskar Nayak and Hostel Warden Nethra were present during inspection.

Security stretched thin at KRS Dam

Only 57 personnel guarding vast area against ideal strength of 261!

Picture for representation only.

Mysuru, Nov. 12 (RK&BCT)- In the wake of Monday night's car blast in Delhi, security has been tightened at Krishna Raja Sagar (KRS) Dam in Mandya, with armed personnel from Karnataka State Industrial Security Force (KISF) deployed to strengthen vigilance across the premises.

Under the supervision of KISF Officer Govardhan, personnel were stationed at various entry points of Dam on Tuesday morning. Officers have been instructed to remain on high alert and immediately report any suspicious vehicles or movements near the Dam to the Control Room.

Though 200 personnel are ideally required to secure the vast KRS area, only 57 officers and staff are currently managing operations in rotational shifts. Despite the manpower crunch, the available force has been deployed in three shifts to maintain round-the-clock surveillance.

Visitor baggage is being screened with detectors and vehicle checks have been intensified at parking areas. Patrolling has also been stepped up across the dam, including all access gates.

Hampered measures

However, security efforts are being seriously hampered by non-functional CCTV cameras. Tenders have not been floated for a new surveillance system and installation. Senior officials from both KISF and Cauvery Neeravari Nigam Limited (CNNL) have been informed of the lapses, said Pramod, Assistant Commandant, KSISF, KRS Division.

The baggage scanner at KRS is also malfunctioning and steps are being taken to repair or replace it at the earliest, he added.

No funds from Government

According to CNNL officials, there is a requirement of 261 security personnel to effectively guard the entire KRS Dam. This number, which had earlier come down to 150, has now further reduced to 57.

"Many personnel have been diverted to manage security at Mysore Airport, leaving us severely handicapped," said a CNNL source.

Security gaps extend beyond manpower. The Dam requires at least 40 high-power and night-vision CCTV cameras, but none of the existing cameras are functioning. Even hand-held security equipment, such as metal detectors and bomb detectors, are rusting and unusable.

"We have submitted a proposal to the Government seeking Rs. 10 crore to install 40 CCTV cameras and procure bomb detection and hand-held scanning devices. However, the funds have not been released. Even the Mandya Deputy Commissioner has written multiple times to the Government, stressing the urgent need for security and surveillance upgrades, but there has been no response so far," sources added.

Security guard found dead at Open Air Theatre

Mysuru, Nov. 12 (BLU&VNS)- Sanjay Kumar (43), who worked as a security guard with city-based SRR Security Agency, was found dead while on duty at Open Air Theatre in Manasagangothri, here this morning.

The incident came to light this morning when Pourakarmikas attached to the University arrived at Open Air Theatre and found Sanjay lying on the steps. Soon, they informed the concerned officials who later informed the Police. On receiving information, Jayalakshmipuram Police visited the spot and conducted mahazar before shifting the body to K.R. Hospital mortuary for post-mortem.

Following Sanjay's death, members of University of Mysore Research Scholars Association, AITUC, Mysuru Unit and Security Workers Union staged a protest in front of University of Mysore Crawford Hall demanding action against the security agency.

The protestors accused the security agency of harassment, stating that Sanjay was not granted leave for the past 11 months despite several requests. They also demanded compensation for Sanjay's family.

"Before being posted at Open Air Theatre, Sanjay was posted at the exit gate of Crawford Hall and later at the Oriental Research Institute without being granted leave," they alleged.

Family members of the deceased have also filed a complaint at the Lakshmipuram Police Station seeking action against those responsible for Sanjay's death.

World Diabetes Day

MAHAN to conduct health check-up camps on Nov. 14

Dr. K. Javeed Nayeem (3rd from right), Past President of MAHAN, addressing presspersons at Pathrakarthara Bhavan in city this morning as Founder-President of MAHAN Dr. R. Mahesh Kumar and others look on.

Mysuru, Nov. 12 (MK&BS)- Mysore Association of Hospitals, Nursing Homes, Clinics and Diagnostic Centres (MAHAN) has organised a series of free health check-up camps at 15 to 20 venues, as part of World Diabetes Day on Nov. 14 from 7 am onwards.

Addressing media persons at Pathrakarthara Bhavan in city this morning, Past President of MAHAN, Dr. K. Javeed Nayeem said, the camp will be formally inaugurated at the premises of Law Courts Complex on Krishnaraja Boulevard. Deputy Commissioner G. Lakshmikanth Reddy and District Health Officer (DHO) Dr. P.C. Kumaraswamy, will be the chief guests.

The number of persons in the country suffering from diabetes is increasing year on year, with the possibilities of surpassing China, in the coming years being more, rued Dr. Nayeem.

The health check-up camps will not just screen the people to identify the symptoms of diabetes at early stage, but also provide suggestions and create awareness. Apart from organising the camps at Kukkarahalli Lake, Madhuvana Park near Law Courts, the camps will be conducted at over 20 hospitals and venues across the city, making it one of the biggest camps.

Dr. Nayeem said, though 15 percent of people in the country are suffering from diabetes, 17 percent among them are leading the life without availing any treatment. China has highest population of diabetics, followed by India. If we adopt a lifestyle without laying much thrust on health, the days are not far, when we will be above China in becoming the country with most diabetics, he added.

Founder-President of MAHAN Dr. R. Mahesh Kumar, Vice-Presidents Dr. N. Vijay Cheluvaraj, Dr. B.N. Rajeeva and K.S. Gururaja, Secretary Dr. H.R. Abhijit and Joint Secretary Dr. R. Basavaraju were present at the press conference.

Raghu Kautilya urges DC to replace Devaraj Urs statue

Mysuru, Nov. 12 (BS)- State BJP OBC Morcha President R. Raghu (Kautilya) has urged the Deputy Commissioner (DC) to replace the recently installed statue of former Chief Minister late D. Devaraj Urs at the premises of the new Deputy Commissioner's Office in Siddarthanagar with a new one that truly resembles the leader, without defaming his legacy.

In his memorandum to the DC, Raghu stated that the present statue fails to capture the likeness of Devaraja Urs due to lack of proper supervision and guidance from Government Heads and responsible officials during its sculpting. He also alleged irregularities in the contract awarded for the work, which cost an estimated Rs. 1.2 crore, claiming that transparency was not maintained in the process.

Raghu recalled that despite Devaraj Urs' historic contributions to Karnataka, there had been no fitting memorial in his hometown, Mysuru. Taking note of representations from Urs' admirers, the then Chief Minister B.S. Yediyurappa had sanctioned Rs. 92 lakh and approved the installation of the statue in front of the new DC's Office. However, the work dragged on due to political changes and only after mounting pressure from Urs' followers did the project gain momentum.

Following protests over the delay, the statue was unveiled on Nov. 3 by the Chief Minister — but the ceremony, held without much fanfare, sparked sharp criticism as the statue bore little resemblance to the late leader, Raghu added.

Police fortify city with 10 check-points

(Continued from page 1)

Locations such as Mysore Palace, Chamundi Hill Temple and the Dasara Exhibition Grounds have been brought under strict access control, with the installation of Door Frame Metal Detectors (DFMDs) and separate frisking points for men and women.

Transportation hubs — including bus stands, railway stations, depots, shopping complexes, and malls — are also under frequent anti-sabotage checks to identify suspicious materials.

Police have intensified inspections of lodges, hotels, homestays and dormitories across all Police Station limits.

Details of new guests are being verified, along with the purpose of their visit, to ensure no suspicious movement goes unnoticed.

The Social Media Surveillance Unit has also been placed on high alert, monitoring derogatory or inflammatory posts. Necessary action is being taken against individuals attempting to disturb public peace through online platforms.

"These preventive measures aim to protect Mysuru from any unforeseen incidents and to ensure peace and security in the city," Commissioner Seema Latkar stated.

'Digital arrest' con: Mysuru woman nabbed

(Continued from page 1)

Forged documents for credibility

The victim was falsely informed that several fake bank accounts and mobile numbers had been opened in his name and were being used for financial crimes worth crores of rupees. He was accused of receiving Rs. 25 lakh as 'commission' and was threatened with a 'digital arrest' if he failed to cooperate.

To lend credibility to the claim, the gang sent forged documents, doctored bank statements, ATM card images and photographs via social media. Under pressure, the victim was instructed to transfer his savings to two bank accounts allegedly for "verification purposes." Believing the claim, he transferred Rs. 20.50 lakh.

When the accused stopped responding, the victim realised he had been cheated and filed a complaint through the National Cyber Crime Reporting Portal. The Cyber Crime unit registered a case on Oct. 4.

Investigations revealed that Rs. 11.5 lakh of the victim's money had been transferred to Chandrika's personal bank account. Notices were issued to her Mysuru address, but she failed to appear. Subsequently, a Police team arrested her from Ashokapuram.

Police also found that the mobile number linked to Chandrika's bank account was registered in the name of Surojith Haldar from West Bengal, who is now absconding. Another suspect connected to the second beneficiary account is believed to be in Andhra Pradesh and searches are underway to trace him.

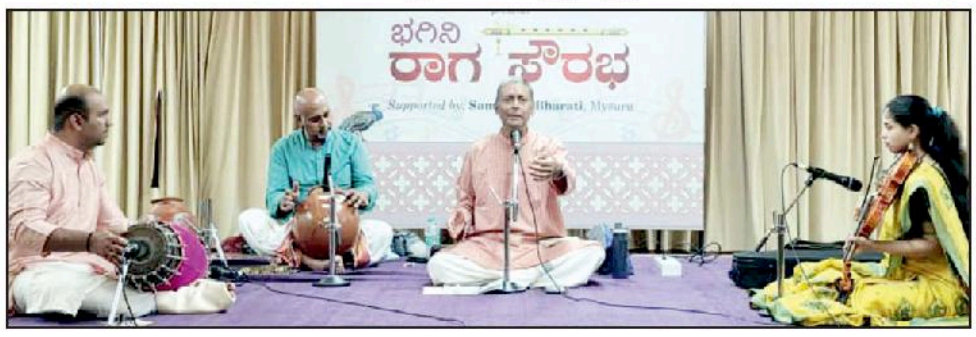
Scholarly approach, rich manodharma



Vid. N.R. Prashanth presenting a vocal concert at BSS Vidyodaya in Krishnamurthypuram on Oct. 18 as part of Bhagini Raga Sourabha, organised by Raaga Music Academy, in collaboration with Bhagini Seva Samaja. He is accompanied by C.V. Shruthi on violin, B.S. Prashanth on mridanga and Raghunandan Vyasa Rao on ghata. Picture right shows Vidu. Kalavathy Avadhoot presenting a vocal concert at Ganabharathi's Veene Seshanna Bhavana in Kuvempunagar on Oct. 26. She is accompanied by Sindhu Suchethan on violin, H.L. Shivashankar Swamy on mridanga and Ranganatha Chakravarthy on ghata.

Raaga Music Academy, in collaboration with Bhagini Seva Samaja, presented its monthly concert at BSS Vidyodaya in Krishnamurthypuram on Oct. 18. The evening offered a fine classical treat by **Vid. N.R. Prashanth**, accompanied by **C.V. Shruthi** on violin, **B.S. Prashanth** on mridanga and **Raghunandan Vyasa Rao** on ghata.

Prashanth, one of our most accomplished vocalists deeply rooted in classicism, enthralled the audience with his scholarly approach and rich manodharma. His attractive voice and effortless command over ragabhava reflected the purity and depth of traditional Karnatak music.

He opened the concert with Sri Narayana Teertha's Taranga in Raga Nata — "Jaya Jaya Jaya Swamin" — setting an auspicious tone. This was followed by a lively cluster of kalpana swaras. "Shree Ranganathudai" in Sourashtra created the perfect ambience for the musical feast that unfolded. Whether in alapana or swara kalpana, Prashanth's imagination flowed fluently, adorned with brisk phrases, delicate spirals and elegant gamakas. His mastery shone through ragas such as Shreeranjani, Kumudakriya, Aarabhi and Reethigowla.

The main raga of the day, Varali, was rendered with an elaborate exploration that captured all its subtle nuances. The deep, resonant gamakas of Varali were perfectly balanced and emotionally charged. Kritis like "Shree Dum Durge", "Ardha Naareeshwaram" and "Shree Saraswathi Namostuthe" (by Muthuswami Dikshitar) were sung with great bhava, doing full justice to the composers' spirit.

A special highlight of the concert was a rare composition by his Guru, Prof. R. Visweswaran, titled "Ee Reethi Gauravinthune" in Reethigowla, a fitting tribute to Saint Tyagaraja.

Young and talented Shruthi provided sensitive violin support, her bowing often weaving a magical spell. The exchanges of kalpana swaras between vocalist and violinist were particularly enjoyable. B.S. Prashanth and Raghunandan Vyasa Rao on the percussion provided energetic and balanced accompaniment, enhancing the overall impact of the concert.

Bhavan's Day at Ganabharathi

Veene Seshanna Bhavana, the cultural hub of Ganabharathi built in 1991, celebrated its 34th anniversary on Oct. 26 with a grand Karnatak vocal concert by **Vidu. Kalavathy Avadhoot.**

She was ably supported by **Sindhu Suchethan** on violin, **H.L. Shivashankar Swamy** on mridanga and **Ranganatha Chakravarthy** on ghata.

Kalavathy, daughter of the renowned percussionist Vidwan Bengaluru K. Venkataram and Gamaka Vidushi G.R. Jaya, is an erudite musician with a vast repertoire of compositions. She has carved a niche for herself as a top-ranking classical vocalist.

The concert commenced with a refreshing Daru "Maathe Malayadhwaja" (Khamach) by Muthiah Bhagavatar, followed by Tyagaraja's evergreen "Shobhillu Saptaswara" (Jaganmohini), embellished with crisp chitteswara and lively kalpana swaras. A composition of Veene Seshanna, "Tharamugadura," was an apt inclusion on this special occasion. Her elaboration of Dharmavathi was captivating and young Sindhu Suchethan's violin responses were graceful and melodious.

Another gem of the evening was Shyama Sastri's "Brovavamma Bangaru Bomma" (Neelambari), rendered with deep raga bhava. Kalavathy's thoughtfully chosen repertoire included both popular and rare pieces — "Bhogeendra Shayinam" (Kuntalavarali), a Thillana in Dhanashree (both by Swathi Tirunal Maharaja), and a Vibhakti Kriti ofMuthuswami Dikshitar, "Dakshayani Abhayambike" (Todi).

She also presented a rare Mundige of Kanakadasa, "Parama Purusha Neenellikayi" (Kadanakutuhala) and Tyagaraja's "Rama Neeyeda" (Kharaharapriya). Her majestic elaboration of Kharaharapriya and the masterly neraval at "Tana Sowkhyamu Tanerugaka Yorukalu Tanu Sukhama" showcased her deep understanding of classicism. The concluding Tani Avarthana by Shivashankar Swamy and Ranganatha was brisk and a fitting finale to a memorable evening.

Pedalling from Mysuru to Kanyakumari

Mysuru, Nov. 12 (BCT)- Proving that age is no barrier to fitness, a spirited team of **15 cyclists from Mysore Athletes Club (MAC) — including eight senior citizens** — completed a seven-day cycling expedition from Mysuru to Kanyakumari via Dhanushkodi, **covering a total distance of 950 kilometres.**

The team of cyclists pose for a photograph at the Thiruvalluvar Statue, which stands next to the Vivekananda Rock Memorial in Kanyakumari. The statue stands at 400 metres (1,300 ft).

The ride, which commenced on Nov. 1 and concluded on Nov. 7, was undertaken to promote and strengthen the Government of India's 'Fit India Movement'.

The cyclists averaged 135 kilometres per day, traversing diverse terrains including the scenic Sathyamangala forest, the steep Dimbam Ghat and the sun-scorched plains of Karaikkudi, Rameshwaram, Dhanushkodi and Tuticorin, before reaching Kanyakumari.

Of the 15 participants, four hailed from Bengaluru. The group included two 75-year-olds, one 70-year-old and five aged above 60, each demonstrating remarkable endurance and commitment to fitness.

Throughout the journey, the cyclists were warmly received by curious onlookers in towns and villages. The cyclists used these interactions to spread awareness about physical fitness and objectives of Fit India.

The team comprised seasoned endurance cyclists, many of whom are Super Randonneurs (SR), a title awarded to those who complete a series of long-distance rides in a year.

The riders included Mohan Shenoy (75), Sahasranam Subrahmanium (75), D. Dhananjaya (70), M.S. Babu Kamalakar (65), K.S. Veda Murthy (65), Ramesh Narasaiah (62), Brigadier (Retd.) Ravi Muniswamy (62), H.S. Deepak (61), Rtn R. Muthukumaran (55), B. Manjunath (53), P. Venugopal (52), Harsha (48), Dr. R.D. Dayananda (47), Dr. S. Shivanand (45), and N.C. Poonacha (42).

Entrepreneur Santhosh from Mysuru provided vital logistical support and other arrangements.

The ride was coordinated by Rtn. Muthukumaran, with support from Santhosh, Veda Murthy, Venugopal and Anil.

The day-wise route was as follows:

Day-1 - Mysuru to Sathyamangala (150 km), Day-2 - Sathyamangala to Ottanchathram (155 km), Day-3 - Ottanchathram to Karaikudi (135 km), Day-4 - Karaikudi to Rameshwaram (140 km), Day-5 - Rameshwaram to Dhanushkodi and back to Keelakarai (125 km), Day-6 - Keelakarai to Thiruchendur (145 km), and Day-7 - Thiruchendur to Kanyakumari (100 km).

Total riding time across the 950-kilometre journey was 43.5 hours, spread over six-and-a-half days, with each day's ride completed in 6 to 7 hours.

WORD OF THE DAY

Vamoose

Pronunciation: vuh-MOOSS (verb).
Meaning: Vamoose is an informal word that means "to depart quickly."
Origin: In the 1820s and '30s, the American Southwest was rough-and-tumble territory — true Wild West. English-speaking cowboys, Texas Rangers and gold prospectors regularly rubbed elbows with Spanish-speaking vaqueros in the local saloons & a certain amount of linguistic intermixing was inevitable. One Spanish term that caught on with English speakers was vamos, which means "let's go." Cowpokes and dudes alike adopted the word, at first using a range of spellings and pronunciations that varied considerably in their proximity to original Spanish form. But when the dust settled, the version most American English speakers were using was vamoose.
Example: "... I spotted the culprit, a young racoon, attempting to dislodge one of my feeders. Caught in the act, he ran for his life when I opened the window and told him to vamoose." —Margaret Haylock Capon, The Picton County Weekly News (Ontario, Canada), 19 June 2025

THE ODD WORD

Lapidary
Gem-cutter.

PHRASE OF THE DAY

A last ditch attempt

Meaning: An effort or attempt that is made at the end of a series of failures to solve a problem, and is not expected to succeed.
Origin: This term has its origins in a speech by King William III of England in the late 17th Century. He called upon all Englishmen to "fight and die in the last ditch" to defend England.
Example: The recent pay rise is a last ditch attempt to avoid strike action.

QUOTE BOX

There are many things that seem impossible only so long as one does not attempt them.— **André Gide**
